Gloria Molina Remembered

A native Californian, born in Montebello, former County of Los Angeles Supervisor Gloria Molina passed away at the age of 74. She was the first Latina elected to several political positions. She was elected to the State Assembly in 1982. Five years later, she served on the Los Angeles City Council from 1987 to 1991 and from 1991 to 2014 she served as the County of Los Angeles Supervisor for the First District. After a three year battle with cancer, Molina passed away in her home in Mount Washington, a historic neighborhood in Los Angeles, with family and friends by her side. On March 21, 2023, the Board of Supervisors voted unanimously to rename Grand Park to "Gloria Molina Grand Park" in her honor.

"Gloria Molina was a beacon of hope to many; including myself," said First District Supervisor Hilda L. Solis, "Seeing her break several glass ceilings throughout her public service career inspired me to follow in her footsteps and give back to my community. It was an honor to work alongside her and collaborate together in fighting for our most vulnerable. I am heartbroken to lose a champion for Latinos, for mujeres, and for the Eastside. While she may no longer be physically with us, we will forever feel her impact."

"Gloria Molina broke countless glass ceilings and paved the way for generations of women leaders in LA County. I'll always be grateful for the ways she made my opportunity to serve possible and how she fought for what's right, no matter what," said Third District Supervisor Lindsey P. Horvath. Second District Supervisor Holly J. Mitchell added that she would remember Molina "by fighting to protect our children and each other everyday."

Fifth District Supervisor Kathryn Barger said that "Gloria is one of the strongest women I've encountered in my 30-plus years of County service. She was the first to do many things for [LA County], first to advocate for people who had little confidence in government, and the first to give our local immigrant residents a voice."

Fourth District Supervisor Janice Hahn added, "It takes an enormous amount of courage to be the first woman in the room and Gloria was the first woman and first Latina in nearly every room she was in across her career. She didn't just make space for herself, she opened the door for the rest of us. Women in politics, particularly in Los Angeles County, owe a great debt of gratitude to Gloria Molina. May she rest in peace."

Meet the Execs

Department of Mental Health

Dr. Lisa H. Wong, Director

The County of Los Angeles Board of Supervisors voted unanimously to appoint Dr. Lisa H. Wong Director of Los Angeles County Department of Mental Health (LACDMH) during its Board meeting on February 28, 2023.

“As a student in Skid Row, I never envisioned that I would one day become the director of the Department of Mental Health. My focus was always on providing care to those who needed it most, which has been a source of great joy, fulfillment, and growth in my life. I am honored and humbled to now have the opportunity to lead this amazing organization of dedicated, passionate, mission driven people in caring for the residents of Los Angeles County. In the words of Dr. Cornel West, 'You can’t lead the people if you don’t love the people, and you can’t save the people if you don’t serve the people.' I am sincerely grateful for this opportunity to love and serve," said Dr. Wong.

With over 33 years of experience at LACDMH, Dr. Wong spent more than two decades working in the Skid Row area of Los Angeles providing care to some of the County’s most vulnerable and high-risk individuals experiencing serious mental illness and homelessness. Prior to her directorship, Dr. Wong served as Senior Deputy Director and Interim Chief of the Full-Service Partnership (FSP) program, a 24/7 intensive outpatient service aimed at helping clients at risk for homelessness, incarceration, and hospitalization, among other negative life outcomes. Previously, she served as the Mental Health Clinical Program Head over Downtown Mental Health Center general outpatient services, California Work Opportunity and Responsibility to Kids (CalWORKs) and General Relief Opportunities for Work (GROW), Prevention and Early Intervention programs, Service Area Chief over Service Areas 2 and 3 and Acting Chief for Outpatient Services.

A few of the Department’s accomplishments under Dr. Wong’s leadership as Interim Director include: hiring or promoting over 500 employees during an unprecedented nationwide shortage of mental health care workers; launching the Alternative Crisis Response efforts and the 988 Suicide & Crisis Lifeline; seamlessly pivoting to the first cohort of counties to implement Community Assistance, Recovery, and Empowerment (CARE) Court; progress in developing the innovative Hollywood 2.0 project; and ensuring the completion of the master plan for new facilities on the county Restorative Care Villages including 240 Crisis Residential Treatment Program beds.

Dr. Wong earned her Doctor of Psychology (Psy.D.) degree from the Pacifica Graduate Institute and her Master of Arts in Clinical Psychology from California State University, Los Angeles. She continues to be a lifelong advocate for vulnerable populations and social justice issues.

Fire Department

Anthony Marrone, Fire Chief

The County of Los Angeles Board of Supervisors unanimously appointed Anthony C. Marrone to serve as the 10th Fire Chief over the County of Los Angeles Fire Department. Chief Marrone was officially sworn in during a formal ceremony on April 24, 2023.

"I am thankful to the Board for entrusting me with this tremendous responsibility and opportunity to move the needle forward and I embrace what lies ahead," said Chief Marrone. "There is work to be done on all fronts and I look forward to collaborating with the Board of Supervisors, Labor, our membership, stakeholders, and the residents and communities we serve, to do what is best, just, and right for all those in our care; enhance the delivery and quality of emergency and life safety services; stabilize the Department's budget; and, lead through a lens of equity and diversity, so everyone has a path to success and a workplace where they feel welcome and know that they belong."

After previously serving as the Interim Fire Chief for more than 11 months, Chief Marrone has succeeded into the permanent role. With 39 years of experience in the fire service, his well-established career combines expertise in both emergency and business operations with an extensive list of accomplishments and assignments, including managing the Leadership and Professional Standards Bureau, Special Services Bureau, Emergency Medical Services Bureau, East Regional Operations Bureau, and Central Regional Operations Bureau, in addition to managing special projects and Business Operations. Chief Marrone has also directly managed routine and complex wildland fires and other significant all-risk incidents.

In 1982, Chief Marrone found his calling to enter the fire service as a City of Los Angeles Fire Explorer at Fire Station 66 (Florence Avenue and Western Avenue). After spending a few years with the Los Angeles and Beverly Hills Fire Departments, he eventually got hired by the County of Los Angeles Fire Department where he has steadily risen through the ranks, becoming the current longest-serving Chief Officer at the Department.

As a lifelong public servant and fire service professional, Chief Marrone leads one of the largest and most diverse fire departments in the world, providing traditional and non-traditional fire and life safety services to more than four million residents and communities in 60 cities and 122 unincorporated areas served by the Department within its 2,311 square-mile service area. The Department operates out of 177 fire stations with 5,000 emergency responders and business professionals, operating within an annual budget of $1.5 billion. In addition, the Department provides ocean lifeguard, 9-1-1 dispatch, health hazardous materials, and forestry services throughout the County.

"What Pride Means to Me"

By Liz Cortez, member of the Retired Employees of Los Angeles County (RELAC)

Pride Month began with the Stonewall riots, a series of riots for gay liberation that took place beginning on June 28, 1969. The riots began after a police raid at the Stonewall Inn, a gay bar located within lower Manhattan in New York City.

The year after the riots, the first Pride March was held to commemorate the Stonewall riots and further push for liberation and recognition (equal rights for all). As of 2020, most Pride celebrations around the world are held in June, although some cities hold them at different times of the year due to weather. For example, in Palm Springs, Pride Month is held in November.

Pride Month is a time to celebrate the progress made in the fight for equality and to continue the fight for the rights of all lesbian, gay, bisexual, transgender, queer, and other (LGBTQ+) people. It is a time to come together and proudly proclaim who we are and to also show support for those who are still fighting for equality.

My journey as a lesbian fully developed during my career at the County of Los Angeles County Counsel. I became a permanent County employee in November 1989. The office was very different then as opposed to when I retired in October 2016. At the beginning of my legal career, the office was predominately white males with some female attorneys and a few female managers. Diversity improved as the years passed, which was wonderful to see.

I had experiences at the County that, now more than ever, make me realize that we should never hide who we are. Two examples, though different, come to mind. As a young lawyer, I had to attend a meeting with an employee from another County department that I represented and the conversation turned to gays serving in the military. During this conversation, the employee turned to me and said, "I don't even know any gay people." I just looked at her and never responded. If only I could relive that conversation today. The second example happened several years later when Suzanne's father was terminally ill with only a few days left to live and we needed to fly to Michigan on very short notice. My division chief at the time said that I should take whatever time I needed and I responded that I would only be gone a week as I had a very important hearing that I needed to attend. He advised that he wished he could give me bereavement leave. I will never forget that conversation and was so touched by his thoughtfulness. He said so much without ever specifically acknowledging my partner, Suzanne.

As the years went by and the office demographics changed, I became more comfortable and willing to share my personal life with members of the office and the County departments with whom that I worked. In 2005, I was promoted to Assistant County Counsel and by then I was no longer hesitant to share my life and Suzanne with the office, especially my division. That year I had a holiday party at our home and invited the entire division. The response was positive and the party was well attended by both attorney and support staff.

Since 1989, there have been lots of positive changes. Many things have changed in our world, country, and at the County, however, the struggle [and challenges] for equality for all continues. We experience and/or witness this on many levels, such as the "Don't Say Gay" legislation in Florida. Now, more than ever, Pride Month is so important. We must always be proud of who we are and not afraid to share our personal stories with others. Join us in celebrating this Pride Month, June 2023.

Celebration of Juneteenth

Juneteenth (short for June 19th) marks the day when federal troops arrived in Galveston, Texas to take control of the state and ensure that all enslaved people be freed. On June 19, 1865, Union soldiers arrived with the news that the Civil War was over and slavery had ended. Confederate General Robert E. Lee surrendered at Appomattox Court House months earlier in Virginia, but slavery had remained relatively unaffected in Texas—until U.S. General Gordon Granger stood on Texas soil and read General Orders No. 3: "The people of Texas are informed that, in accordance with a proclamation from the Executive of the United States, all slaves are free." Nearly two years after the signing of the Emancipation Proclamation, 250,000 people were freed from slavery.

"We're celebrating Juneteenth…people have fought long and hard to try to get recognition of Juneteenth," stated Supervisor Mitchell, Second District, last year at the annual Juneteenth Celebration.

Jewish American Heritage Month

JEWISH AMERICAN HERITAGE MONTH

On April 20, 2006, President George W. Bush proclaimed that May would be Jewish American Heritage Month. The announcement was the crowning achievement in an effort by the Jewish Museum of Florida and South Florida Jewish community leaders that resulted in resolutions introduced by Representative Debbie Wasserman Schultz of Florida and Senator Arlen Specter of Pennsylvania, urging the president to proclaim a month that would recognize the more than 350-year history of Jewish contributions to American culture. The resolutions passed unanimously, first in the House of Representatives in December 2005 and later in the Senate in February 2006.

The month of May was chosen due to the highly successful celebration of the 350th Anniversary of American Jewish History in May 2004, which was organized by the Commission for Commemorating 350 Years of American Jewish History. This coalition was composed of the Jacob Rader Marcus Center of the American Jewish Archives, the American Jewish Historical Society, the Library of Congress, and the National Archives and Records Administration.

Leading the way in implementation of the annual celebration is the Jewish American Heritage Month Coalition, formed in March 2007, and convened by United Jewish Communities, the Jacob Rader Marcus Center of the American Jewish Archives, and the American Jewish Historical Society.

Countywide Safe Youth Zones (SYZ)

The County of Los Angeles (County) Department of Public Social Services (DPSS) has taken a commendable step in designating 43 of its district offices as temporary safe spaces for at-risk youth under the expanded Countywide Safe Youth Zone (SYZ) Initiative. This initiative aims to increase the network of safe spaces for victims of child sex trafficking. DPSS will have on-site SYZ liaisons who are trained to provide assistance to youth who appear to be in need. These liaisons will determine whether law enforcement or medical care is necessary for their safety.

It is alarming to note that one in five homeless youth in California has reportedly experienced some form of trafficking. Among these, 14% have undergone sex trafficking, 8% have suffered labor trafficking, and about 3% have faced both types of trafficking. Therefore, initiatives like the SYZ are essential in ensuring the safety and protection of at-risk youth in our State.

The SYZ Initiative has been serving at-risk youth since it was initially launched in 2016 at selected County Departments of Fire and Sheriff's, as well as Long Beach Police stations. In June 2022, the County Board of Supervisors directed the SYZ Initiative to include DPSS and several other County departments, including Children and Family Services, Probation, Mental Health, Health Services, and Public Health.

If you suspect that a child is being victimized, it is crucial to take action immediately. You can call 911 or the County Child Protection Hotline at 1-800-540-4000 to report a potential incident. You may also visit the DPSS website to obtain a list of district offices. By working together, we can create a safer environment for at-risk youth and prevent the tragedy of youth trafficking.

2023 March of Dimes Campaign

This year, the County of Los Angeles (County) is celebrating its 40-year partnership with the March of Dimes (MOD). Each year during the MOD campaign, which runs from January 1st through June 30th, County employees donate funds to support the March of Dimes in their mission.
